Human rights:

- 1) Cases registered in the Permanent Assembly for Human Rights with habeas corpus, from January to June 1978: 476 secuestrados; 16 detenidos.
- 2) After the publication of the lists in "La Prensa", 500 additional cases of previous secuestrados were denounced.
- 3) Registered in the Assembly are the following cases for 1978, in addition to the numbers above mentioned:

- 4) One of the children from Pellegrini has finally appeared in Unidad 9 of La Plata. He claims that he was in a tunnel in Sierra Chica, which is near Bahia Blanca, and that there were over 200 other young people with him. (It is therefore absolutely not true that all of the desaparecidos are dead).
- 5) Timmermann's main problem is that he has no access to his lawyer and that all of the proceedings and testimonies in the Graiver case pertaining to Timmermann, are grossly illegal in that Timmermann's representation has not been granted power of attorney, because of the refusal of the police to allow Timmermann's lawyer in the house.
- 6) The Podolsky case: This is a 29 years old man who was seized under Lopez Rega and is now in Unidad 9 in La Plata. The prison priest has refused his insistent requests to see a rabbi and is constantly urging him to accept Christianity. Podolsky's mother affirmed this and stated that last week some highly placed army people stated before the prisoners that the Jewish prisoners are soft and are responsible for the poisoning of Argentine.
- 7) Capucci is now once again in Argentina. He assured that the government has warned him.

not to involve himself in any political activities. Padre Jorge Mejia stated that the Nuncio Pio Laghi has also warned him. (But, he is here).

- 8) Apparently the "Centro Islamico", calle San Juan, is about to construct a mosque.
- 9) It is an open secret that Monsignor Lefevre has advanced to the point of materialization, the opening of a schismatic Seminary which apparently will count with Sanchez Abelenda (the notorious and virulent antisemite and former professor of the University of Buenos Aires), as a professor.
